

How To Select A Property Management Company?

Hiring a property management company to take care of the affairs of a rental property is important.

Tips to select a property management company are:

Check the ratings and reviews by previous clients of the property management company.

Ask the prospective property management company to share records of recently managed properties and take feedback.

Inquire the company about its property inspection routine, tenant screening process, modes of payment, etc.

Know from the company about how they manage the maintenance/repairs of the property and the costs associated with it.

Be very clear about the monthly, quarterly, or yearly accounting. Ask if the company will provide online rent collection and accounting portal.
